Michael Roberts

Senior Full Stack Engineer · E-commerce, Experimentation & Edge Infrastructure

Meridian, ID (Remote) · 208-794-9008 · michael@robertsmj.com · linkedin.com/in/robertsmichaelj · github.com/robertsmikej · robertsmj.com

PROFILE

Full stack engineer with twelve years across the stack, nearly all of it in high-traffic e-commerce. Built a server-side A/B testing platform on Cloudflare Workers serving ~100M requests/month, ran ~400 experiments career-wide across Optimizely, Google Optimize, and a custom platform, and shipped the React, API, and Shopify infrastructure around them. Deep in TypeScript, Cloudflare Workers, and AI-augmented engineering.

SKILLS

Languages & frameworks	TypeScript · JavaScript · React · React Native · Redux · Remix · Next.js · Node.js · GraphQL (Apollo) · REST APIs · Shopify Liquid · HTML/CSS
Experimentation	Server-side A/B platform design · Flicker-free variant delivery · Geo/device/page targeting · Price, subscription & shipping-threshold tests · Optimizely · Google Optimize · GA4 · Significance methodology
Platforms & practices	Shopify (Functions, Admin API, embedded apps, multi-store themes) · Cloudflare Workers, D1, KV · GitHub Actions CI/CD · Vitest · WCAG 2.1 AA · Claude Code (plugin author)

EXPERIENCE

Senior Full Stack Engineer
Apr 2023 – Sep 2026

Gorilla Mind (Animal Farm LLC), Boise, ID

Senior engineer and tech lead on the platform behind the fastest-growing company in Idaho and five sister brands (6 Shopify storefronts). 300+ production PRs across 9 repositories.

- **Experimentation platform:** built a server-side A/B testing platform on Cloudflare Workers (TypeScript) in front of Shopify, serving ~100M requests/month with flicker-free variants: HTML rewriting with per-page, multi-URL, geo, and device targeting; D1 + KV config; staging, QA preview, and a companion Chrome extension.
- **Pricing & offer experiments:** ran 30–40 revenue experiments, including subscription discount levels, free-shipping thresholds, and a product-page redesign, with cookie-based assignment measured in GA4; results set sitewide pricing and UX.
- **Subscriptions & checkout:** reworked subscription shipping end to end with Shopify Functions and an EasyPost-backed rate service; maintained Skio subscription integrations; built embedded Shopify apps for bundles, scheduled deals, and supplement labels.
- **Farmhand (Claude Code plugin):** built on my own initiative and adopted by the full team: AI first-pass review on 100% of PRs within ~2 minutes, QA-gated merge guardrails, deploy and ticket automation, Slack + ClickUp integrations.
- Led a WCAG 2.1 AA program across 6 storefronts (~50 PRs), including a native cart drawer built to replace a non-compliant third-party cart app.

Front-End Web Developer → Senior Web Developer
Sep 2020 – Apr 2023

Microbe Formulas, Meridian, ID

- Sole front-end engineer on a real-time community messaging product available to 89,000+ customers: React, Redux, and Material UI web app plus a separate React Native app, with Apollo GraphQL subscriptions.
- Led front-end developers on a custom Shopify Liquid storefront: built a paywalled practitioner Learning Center and raised Lighthouse scores on key pages from the 40s to 80–90s.

Front-End Engineer → Senior Front-End Engineer
2015 – 2020

Bodybuilding.com, Boise, ID

- Partnered with the testing program lead on ~200–250 A/B tests (Optimizely and Google Optimize) across cart, checkout, product pages, pricing, shipping, and navigation: assessed feasibility, built variants, and verified significance.
- Built a Vue/Nuxt + Netlify CMS page builder so non-developers could compose content zones; lead developer on the responsive re-code of the 6,000+ page product catalog.

PROJECTS

CampWatch (campwatch.dev) — multi-user Recreation.gov availability alerts on Next.js + Cloudflare Workers, with email and iOS push.

GearShed — Expo / React Native + TypeScript: photo → Claude vision with structured outputs detects gear for review, inventory, and packing lists.

EDUCATION

Boise State University — BA, Political Science · Dean's List with Highest Honors 2012
